June 29 – Last Day of school

GARDEN SCHOOL NEWS

Getting students outside and active is good for their health but too much sun can have serious side-effects, including burns, eye damage, premature aging of the skin and skin cancer. We encourage all students to practice “sun safety.”

What exactly does sun safe behaviour look like?

- Cover up: Even on days with a moderate UV index students should wear a hat and sunglasses, especially if they'll be outside for over 30 minutes.
- Stay cool: Students should stay in shady areas, particularly at midday when the sun is strongest.
- Use sunscreen: Choose sunscreens with SPF 15 or higher that include protection from both UVA and UVB rays
- Drink lots of water throughout the day and keep your body hydrated.

Please remember to check the lost and found over the next couple of weeks before the end of the year. There are many wonderful articles of clothing, shoes and lunch bags which are waiting to be taken home.

Ms. Hardy

*Life is not easy for any of us. But what of that?
We must have perseverance and above all confidence in ourselves.
We must believe that we are gifted for something and that this thing must be attained.
- Marie Curie*
